Description

Double sided replacement tape for DT Wireless Sensors.

- Double-coated acrylic foam tape
- Tab for easy application
- For indoor and outdoor applications
- Fits the 19 x 19 mm DT Wireless sensors

Installation instructions

The installation instructions are presented in four steps, each with an icon and a description:

- Step 1**: Clean the surface to ensure good sensor adhesion. The icon shows a diamond-shaped sensor on a surface with three small stars indicating cleanliness.
- Step 2**: Peel the protective film from the back of the tape. The icon shows a hand peeling a protective film from the back of a square sensor.
- Step 3**: Place the tape on the back of the sensor. The icon shows a hand placing a square piece of tape onto the back of a sensor.
- Step 4**: Attach the sensor to the surface and press gently. The icon shows a hand pressing a sensor onto a surface.
